New HCPH Mobile Locations Offer Free Testing June 22-27

Houston – Harris County COVID-19 cases, hospitalizations and deaths are continuing to increase. You can have the virus without having symptoms, but still infect others. This disease is very contagious so don't take any chances with your health or your family's. Get tested now. It's free and only takes a few minutes at any of Harris County Public Health's 6 drive through testing sites. Four sites change locations weekly to provide easy access to a variety of Harris County neighborhoods.

Sign up online at www.hcphtx.org, take the self assessment and drive to the test site. Or call **832-927-7575**. To get tested the next day, call or register online after 2:00 p.m. Results are available in 3-5 business days. ***You must take the self-assessment to get an authorization code for a testing site.***
